Data Privacy & Compliance (gdpr, Ccpa): Mastering Data Protection Regulations

Duration: 10 days

On-Site

01 Who Should Attend

- This course is designed for professionals responsible for data privacy and compliance within their organizations, including:
 - Compliance Officers
 - Data Protection Officers (DPOs)
 - Legal Professionals
 - IT Managers
 - Security Professionals
 - Anyone involved in data handling and processing

02 About the Course

Navigating the complex landscape of data privacy regulations like GDPR and CCPA is crucial for organizations operating globally. This course on Data Privacy & Compliance equips participants with the specialized knowledge and skills to implement robust data protection measures. Participants will learn how to interpret and apply key regulatory requirements, establish effective compliance programs, and mitigate data privacy risks. This course bridges the gap between understanding legal obligations and practical implementation, empowering professionals to build a culture of data privacy.
